Cover Crop Field Day

News Article by Amanda Douridas, Extension Educator, Agriculture and Natural Resources

A Cover Crop Field Day will be held on March 31, 2016 from 9:30-11:30am. We will spend time walking a few fields planted to various cover crops evaluating the stand, mixtures and soil health. George Derringer, NRCS Soil Scientist, will be leading the discussion. The location is east of Urbana, 1/3 mile north of US Hwy 36 on North Mutual Union Road. The field day will be held with light rain but cancelled if there is heavy rain or a storm predicted so please dress appropriately. Please RSVP to the Champaign County Extension Office so we can communicate cancellations with you. Call 937-484-1526 or email Douridas.9@osu.edu. This is a joint effort between Champaign County Extension, Champaign Soil and Water Conservation District, and USDA NRCS.
