CFAES provides research and related educational programs to clientele on a nondiscriminatory basis. For more information: go.osu.edu/cfaesdiversity.

What is a 4-H?

It is an opportunity for young people to learn leadership, citizenship and life skills as they work in partnership with caring adults. 4-H is committed to helping young people develop skills that will help them succeed. 4-H will empower youth to reach their full potential.

4-H is learn by doing projects of each youth's choice. 4-H gives opportunities to learn life skills, to practice the skills, and become confident in their ability to use them in the future. 4-H teaches young people how to meet their needs for belonging, mastery, independence, and generosity in positive ways.

4-H is based on research. 4-H members have the opportunity to become better citizens, leaders and communicators for the future.

4-H is not just going to the fair. By completing a 4-H project, members then have the privilege of being eligible to participate in the fair and receive a fair pass. 4-H projects must be complete to compete at State Fair even if members choose not to participate in Champaign County Fair. To complete a project, members must:

- Attend 8 4-H Club Meetings per year as set by their 4-H Club.
- Complete a project book or other packet as required per project.
- Animal project members must complete Quality Assurance Training each year or test out.
- Complete skill-a-thon or judging, whichever is required for their project.

Record Keeping

Keeping records is an important part of poultry projects. There are several different types of records to keep for your animal projects. Each type of record serves a different purpose, but all are important for the overall management of healthy animals.

Financial records and budgeting is the most common type of record keeping. Financial records help you determine if you are making money with your project. Market animal and breeding animal projects both should both have financial records showing value of the animals, expenses put into the animal and the sale or value of the animal at the end of the project. Expenses would include feed, equipment used for animals, medications, bedding, etc. It is important for members to realize that if they were raising animals for a living, they would not receive the extra premium like they may at the fair.

Medication records should be kept on every animal. It is important to know withdrawal times on market animals and preventative medicine records for market and breeding animals.

Pedigree and birthing records are important to maintain the best producing breeding stock and to manage proper breeding and flock health.

Feed Record

Include all project animals. Add additional sheets if necessary.

		Type of Feed	Supplements	Forages (if applicable)	Other (milk replacer/beet pulp/etc)	# of Animals	Total Cost	Cost per animal (total cost divided by # animals)

I started my project on _____.
Date

Picture of me with my animal(s) at beginning of project:

2021

Picture of me with my animal(s) at end of project:

How has your animal's physical appearance changed since the beginning project till the end of your project?

Did your animal(s) turn out the way you expected? _____ Why or Why Not?

If you could change anything about your animal's structure, what would you change?

PROJECT LEARNING ACTIVITIES/EXPERIENCES:

List 5 learning activities OR experiences you completed to expand and/or apply your knowledge of your project. How did this activity benefit you? Why or Why not? (Ideas listed in back of page.

1.	Date Completed _____ 2021
----	---------------------------

2.	Date Completed _____ 2021
----	---------------------------

3.	Date Completed _____ 2021
----	---------------------------

4.	Date Completed _____ 2021
----	---------------------------

5.	Date Completed _____ 2021

Packet Created by: Melinda Ryan, 4-H Educator, OSU Extension, 2018, Champaign County 4-H Committee 2018

PROJECT LEARNING ACTIVITIES/EXPERIENCES

These are suggestions or create your own.

Choose 5

- ✿ Identify and describe at least 5 breeds of chickens and tell at least two characteristics of each, including origin.
- ✿ Identify and locate exterior parts of a chicken.
- ✿ Attend a poultry show and watch the evaluation of the animals.
- ✿ Visit a local poultry farm and observe the way the birds are managed. Give a report to your project group.
- ✿ Assemble a box of show supplies that will be needed at the fair.
- ✿ Describe or demonstrate three ways you could identify your project animal.
- ✿ Name and describe two ingredients found in poultry feed.
- ✿ Correctly identify the following terms: Pullet, Rooster, Hen, Chick
- ✿ Name the wholesale cuts of meat on a market bird.
- ✿ Demonstrate how to properly store, label, and account for all drug products and medicated feeds.
- ✿ Determine the proper withdrawal time for a medicine you used to treat your birds.
- ✿ Explain why water is important to your project.
- ✿ Identify parts of a medication label.
- ✿ Exhibit and sell your goat at the county fair and send a thank you note to the sponsors.
- ✿ Send thank you notes to those who may have helped with your project.
- ✿ Spend a day with a local vet.
- ✿ Read one or more poultry farm publications.
- ✿ Help a new 4-H member with their project.
- ✿ Discuss various records a poultry producer must keep and why.
- ✿ Interview a poultry breeder in order to discover the desired characteristics of an ideal market bird or a fancy bird.
- ✿ Become familiar with various poultry diseases.
- ✿ Tour a slaughterhouse and observe different techniques and processes used.
- ✿ Exhibit in an open class show not at the county fair.
- ✿ Help at auction at fair.
- ✿ Join a breed organization.
- ✿ Assist at the 4-H Poultry show
- ✿ Research various careers in animal science.
- ✿ Develop a plan to deal with questions from the public or media.
- ✿ Compile a list of terms that are used in oral reasons when judging poultry.
- ✿ Demonstrate 2-3 cooking methods to prepare chicken or eggs.
- ✿ Design an ideal chicken pen and explain why it is ideal.
- ✿ Attend a poultry show and see how many breeds you can find and identify.
- ✿ Participate in showmanship at the county fair.
- ✿ Attend a poultry clinic.
- ✿ Participate in a livestock judging contest.
- ✿ Represent your county at the Ohio State Fair.

LEADERSHIP AND CITIZENSHIP ACTIVITIES

These are suggestions or create your own.

Choose at least 2.

- ✿ Lead the pledges at a 4-H Meeting
- ✿ Participate in Jr. Poultry Council
- ✿ Participate in 4-H Button Days
- ✿ Participate in Champaign County School Awareness Days.
- ✿ Write a news story for a local paper.
- ✿ Participate in a radio or television program.
- ✿ Give a presentation or talk in your club.
- ✿ Participate in a Community Service Project
- ✿ Attend 4-H Camp
- ✿ Attend Ohio 4-H Conference.
- ✿ Serve as a camp counselor.
- ✿ Secure a speaker for your club.
- ✿ Serve as an officer in your club and describe your duties.
- ✿ Help with county skillathons.
- ✿ Help plan a county fund-raising activity.
- ✿ Prepare a window display to promote 4-H.
- ✿ Visit a nursing home, shut-in, hospital, etc.
- ✿ Do something to improve your neighborhood.
- ✿ Help in some way to educate the public in animal owner responsibilities and animal pet problems, offer some solutions.
- ✿ Serve on the 4-H Youth Board.
- ✿ Develop your own activity and describe in the packet.
